### BANGALORE NANO IN DEC

With Bangalore's position as emerging leader in nanotechnology and as an international business destination growing over the years, the city is poised to host the 2nd edition of Bangalore Nano. The flagship nanotechnology event is jointly organised by the Department of IT and Biotechnology, Government of Karnataka in association with Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR) and MM Activ Scitech Communications Co. The event is scheduled on December 12 – 14, 2008 at the Grand Ashok Hotel, Bangalore and the focal theme of the event is 'Nanotechnology in India's future'.
